NOTES & REMINDERS

Upon arrival, please check in with MK or Nina.

While shuttle service from the Westin to the course will begin on Wednesday, the schedule will not allow our team to utilize the morning shuttle service.

Please use Uber for transportation to the course and, where possible, coordinate with fellow crew members to carpool and maximize vehicle occupancy. Shuttle service from the golf course back to the Westin will be available and should be utilized.

For crew staying at the Hacienda, please review the shuttle schedule and plan accordingly based on your on-course responsibilities.

A note from MK: A hard fax is the time to demonstrate the work that has been accomplished, not additional build time to complete tasks that should have been finished prior.
